No.ES/IIP-MR-2021 Kohima, Dated the 28th August 2026.

Subject:-Release of Index of Industrial Production, Nagaland, July, 2026.

1. Methodology and Timeline

1.1 The Index of Industrial Production (IIP) with base 2011-12 for the State of Nagaland is compiled and estimated by Directorate of Economics and Statistics (DES), Nagaland, Kohima. Following a time lag of 4 week, DES releases State IIP on the 28th day of every month or the previous working day if the 28th day is a non-working day.

1.2 The manufacturing data are directly collected from the producing factories. All together there are nine items for construction of manufacturing index.

1.3 Electricity data are gathered from the national power portal.

1.4 Mining data are obtained from Directorate of Geology and Mining. Coal is the only item for construction of Mining Index.

1.5 The construction of IIP is done in a step by step manner with the use of previous level of indices as indicated below;

I. The Item level indices are obtained by multiplying the production relative with 100.
II. The subsequent level of indices till general IIP is obtained by the weighted arithmetic mean of the previous level of indices.
