7. MEDICAL CERTIFICATION OF CAUSE OF DEATH:

Medical Certification of causes of Death has been implemented under section 10(3) of Registration of Births & Deaths Act 1969. The scheme on Medical Certification of causes of Death has been introduced in the year 1976 in Nagaland. This Scheme is presently being implemented only in the urban areas of the state, where majority of the medical institutions are functioning. At present eight (8) Government hospitals are covered under the scheme.

Medical Institutions functioning in the rural areas are not yet covered under MCCD. In these institutions though the treatment is available, deaths reported are almost negligible. It may be due to the fact that, the most serious patients are referred from rural institutions to urban institutions, in the absence of proper treatment facilities.

8. TRAINING ON MEDICAL CERTIFICATION OF CAUSE OF DEATH.

The Office of the Chief Registrar of Births & Deaths in collaboration with the Directorate of Medical & Health Services conducted orientation training course for the Medical Officers and Coders in all the District headquarters during 2014. In this Training participants were sensitized about various provisions of RBD Act and Nagaland RBD Rules and the need to report the specific cause of death as required in the format.

9. ISSUE OF BIRTH & DEATH CERTIFICATES:

The extract from birth and death register is issued on Form No. 5 and 6 respectively under Section 12 and 17 of the Registration of Births & Deaths Act 1969. Prescribed fee is however charged for the issue of such extract as per Rule 9 of the Nagaland Registration of Births & Deaths Rules 1999. Registrars of both rural and urban areas were directed to issue certificate under Section 12 to each and every informant reporting event in time.

i. Delayed Registration:

Section 13 of RBD Act 1969 and Under Rule 9(1) (2) (3) of the Nagaland Registration of Births & Deaths (Amendment) Rules 1999 lays down the procedure for registration of vital events reported after the expiry of stipulated normal reporting period which are as below:

SL.	Time limit for delayed	Formalities needed to observed	Late fee
No.	registration		
1	1 to 21 days of	-	Free registration
	occurrence		
2	21 - 30 days of	Permission of the Registrar	Rs 2/- (two)
	occurrence		
3	After 30 days but within one year of occurrence	Production of an affidavit made before a notary public, inquiry report of the concerned Registrar, prove of date of birth/death, residence proof.	Rs 5/- (five)
4	After one year of occurrence	 An order of the first class Magistrate or a presidency Magistrate. Inquiry report of the concerned Registrar, Proof of date of birth, residence proof. 	Rs 10/-(ten)

10. MAINTENANCE AND RECORDS

The local Registrars are required to maintain the record of all births, deaths and still births in separate registers. Every year on the first of January, new Registers are opened by the local Registrars. The registers related to rural registration centers are transferred to the District Registrar's Office for maintaining on permanent basis after the close of the year. Efforts are required to preserve these historical records considering its legal value.

- 11. <u>PUBLICITY</u>: The Department has been taking various steps for publicizing on the importance of Registration of Births & Deaths, which were exhibited to the public in the form of Posters, Pamphlets, Wall hangers, Billboards etc. with the messages of Births & Deaths. More Publicity Campaigns on Registration of Births & Deaths is required to create awareness on the importance of Registration of Births & Deaths.
- **12. TRAINING & INSPECTION:** The Department has been conducting trainings for the Registrars & Notifiers of Births & Deaths at least once in a year with the financial assistance provided by the ORGI. The trainings are imparted by resource persons deputed from the Department. The training is aimed at to motivate and train the Registrars/Notifiers in filling up of various Forms, proper issuance of Birth & Death Certificates and making them familiar with the Registration of Births & Deaths Act 1969 and the State Registration of Births & Deaths Rules.
- **13. <u>INSPECTION</u>:** Inspection to selected Registration units were done from time to time from the headquarter office. The District Registrars and Circle Registrars were instructed to carry out inspection of the Registration units under their respective jurisdictions. Owing to huge number of Registration units, cent percent inspection could not be undertaken during the year 2012.
- **14. PRINTING OF FORMS & REGISTERS:** During 2014 the forms and certificates and register of births, deaths and still births were made available, in time and in sufficient quantity, to all the Registration centers both in the rural and urban areas through the District Registrars (DSOs).

15. PROSECUTION AND COMPOUNDING OFFENCES.

There was no report on prosecution of compounding during 2011.

16. DIFFICULTIES ENCOUNTERED IN IMPLEMENTATION OF THE ACT.

Implementation of the Registration of Birth & Deaths in the State is hindered by the following factors:

- 1. Inadequate postal facilities.
- 2. Inadequate transportation/communication facilities.
- 3. low level of awareness.
- 4. Lack of remuneration for CRS functionaries.

17. <u>COMPARATIVE ACHIEVEMENT</u> Births & Deaths registered in Rural and Urban areas of the State for the last five years have been presented in the following table:

- **18. GENERAL REMARKS:** The Level of registration has considerably improved in the urban areas with the persistent efforts of the staff deployed for the purpose and the organizational measures taken in the recent years.
- 19. <u>CONCLUSSION</u>. For the successful implementation of the provisions of Registration of Births & Deaths, the present system of imparting trainings as well as special trainings for low performing RD Blocks at regular intervals should continue with the financial assistance from the ORGI. Large scale publicity campaign on the importance of Registration of Births and Deaths are required to create awareness among the people especially in the Rural and remote areas of the state for which financial assistance from the ORGI is imperative. There is the need to locate the problem of submission of reports from the Registration in the light of prevailing condition in the State.
